Certificate retirement fee – Certified Crude Oil	**$ 0.006 per bbl**
CIRIS fee for movements between US, Canada & Mexico	**$ 0**
CIRIS fee for movements between other regions	**POA (please contact MiQ)**

Part 2 – Fees for Facility Operators

Applies to Facilities in the Onshore production, Offshore production, Gathering and boosting, Processing, Transmission and Storage, Liquefaction and Regasification segments.

Quarterly Operator Fees ($/quarter)

	Facility or production asset size				
BCF/d *kboe/d*	**0–0.25** *0–43*	**0.25–0.50** *43–86*	**0.50–1.00** *86–172*	**1.00–2.00** *172–345*	**> 2.00** *> 345*
MiQ-only Certificates	$7,200	$9,000	$10,500	$14,100	$17,700
EO100-only Certificates (excludes EO annual fees)	$4,200	$5,400	$6,600	$8,400	$11,700
MiQ & EO100™ combined Certificates	$9,120	$11,520	$13,680	$18,000	$23,520

Notes:

- Where the operator certifies more than one commodity (e.g., natural gas and crude) at a Facility under the same MiQ Audit, 125% of the MiQ Facility fees will be chargeable.
- Facility size is the sum of production of all certified commodities at the Facility (e.g., production of natural gas in BCF/d + production of crude converted to BCF/d equivalent).
- Facility size is audited or current production for production assets and throughput capacity for other assets.
- There is no additional charge for certification under the MiQ Carbon Intensity Standard.
- For Integrated Facilities (e.g., Production and Boosting & Gathering), only one Facility fee is charged.

Operator Enrolment Fee (one-off)	**$ 10,000**

All fees are invoiced quarterly in arrears and payable in US dollars.

Fees for additional services not covered by this MiQ Fee List will be agreed with the User.
