Account set-up fee (one-off)	\$ 0
Account annual charge	\$ 0
Certificate transfer fee	\$ 0
Certificate retirement fee – Certified Natural Gas	\$ 0.001 per MMBtu
Certificate retirement fee – Certified Crude Oil	\$ 0.006 per bbl

Part 2 – Fees for Facility Operators

Applies to Facilities in the Onshore production, Offshore production, Gathering and boosting, Processing, Transmission and Storage, Liquefaction and Regasification segments.

Quarterly Operator Fees (\$/quarter)

	Facility or production asset size					
	BCF/d kboe/d	0–0.25 0–43	0.25–0.50 43–86	0.50–1.00 86–172	1.00–2.00 172–345	> 2.00 > 345
MiQ-only Certificates		\$7,200	\$9,000	\$10,500	\$14,100	\$17,700
MiQ & EO100™ combined Certificates		\$9,120	\$11,520	\$13,680	\$18,000	\$23,520

Notes:

- Where the operator certifies more than one commodity (e.g., natural gas and crude) at a Facility under the same MiQ Audit, 125% of the MiQ Facility fees will be chargeable.
- Facility size is the sum of production of all certified commodities at the Facility (e.g., production of natural gas in BCF/d + production of crude converted to BCF/d equivalent).
- Facility size is audited or current production for production assets and throughput capacity for other assets.
- There is no additional charge for certification under the MiQ Carbon Intensity Standard.
- For Integrated Facilities (e.g., Production and Boosting & Gathering), only one Facility fee is charged.

Operator Enrolment Fee (one-off) \$ 10,000

All fees are invoiced quarterly in arrears and payable in US dollars.

Fees for additional services not covered by this MiQ Fee List will be agreed with the User.
